Danville Coal Depth
CHRISTIAN County

Discretionary information: The map is intended for educational and informational purposes only and should not be used for legal or financial decisions. The data provided is based on the best information available at the time of publication and may not be comprehensive. It is recommended to consult the original sources for the most accurate and up-to-date information. The map is not guaranteed to be complete or free of errors. The Illinois State Geological Survey is not responsible for any errors or omissions in the data. The map was created using the Pennsylvanian Stratigraphic Column and other available data. The thickness of the coal bed varies across the county, with some areas having thicker beds than others. The map is not a substitute for professional geological advice or services. Use of this map is at the user's own risk. The map is not intended for navigational use. The map is available for download at the ISGS website. For more information, contact the Illinois State Geological Survey.
