Danville Coal Depth
WABASH
County

The map and data depicted on this map, which was produced by the Illinois State Geological Survey, are intended to provide a detailed view of the geographical extent and depth of coal deposits. The data is based on the most current and comprehensive research conducted by the ISGS. The map is intended for educational and informational purposes and is not to be used for legal or technical applications. The map should not be interpreted as a definitive representation of the extent of coal deposits or their depth. The map is subject to change and may not reflect all recent discoveries or updates. The map is provided as a public service and should be used with caution and knowledge of its limitations.
