Danville Coal Thickness
SALINE County

County Coal Map Series

Map construction: October 26, 2019

Data included in this map are suitable for use at a scale of 1:100,000. These data are not intended for use in site-specific screening or decision-making.

The Illinois State Geological Survey, in cooperation with the Illinois Department of Natural Resources, prepared this map as a general guide to the location and thickness of coal. The map was prepared from interpretations of the geology of the area and is based on available data. The Boundary of the U. S. State of Illinois is shown in blue. Data included in this map are available for use at a scale of 1:100,000.
