Springfield Coal Depth
GALLATIN
County

Map Explanation
The maps and graphical products contained herein are compiled from data from a variety of sources. The data used for these maps is not subject to the same standards as the Department of Natural Resources County Coal Depth Series. The data used for the mapping was compiled as of October 1, 2009. The maps are not a substitute for the County Coal Depth Series. The maps do not depict depth to coal or other information about the occurrence of coal deposits.
