Colchester Coal Elevation
MCLEAN County

These data are not intended for use in site-specific screening or decision-making. This data set provides a large-scale map of the county, with varying coal elevations and bedrock characteristics. The map is based on data compiled by the Illinois State Geological Survey. Consequently, the accuracy of the interpreted features shown may not be accurately portrayed or resolved. The map includes data from various coal beds such as the Houchin Creek Coal and the Illinois No. 1 Coal. The map is provided for reference and general information.

Map Explanation

The map and digital data files that this map was created from have a varying quality and provide general and localized information in panorama. The data may contain both point and area data. The data should be used with caution and interpreted correctly. The map does not depict all potential hazards or conditions that may exist in the area.
