Herrin Coal Depth
DOUGLAS County

The objectives were to create a conceptual model of the geology of the area on which to base further work. Consequently, the accuracy of the interpreted features shown on this product is under review and may not meet the standards necessary for current mapping applications such as county coal map series. The Illinois State Geological Survey and the University of Illinois make no guarantee, representation or warranties of accuracy, completeness, usefulness or reliability with regard to any information contained in this product. The user assumes the entire risk associated with the use of this product. Use of this product for any purpose other than governmental purposes is strictly prohibited. The user is solely responsible for the legal and appropriate use of the product. The user should obtain and use the most recent version of any product the user intends to use for any purpose other than governmental purposes. Use of this product may be subject to additional restrictions. The user should contact the Illinois State Geological Survey before using this product.
